## PROMPT ACTION BY THE RAILROAD COMMISSION

**B. and O. Train to Make Stops at Finleyville**  
**ADVANTAGES ARE MANY**

**Valley People May go to County Seat Without Annoying Delays**

Attorney David M. McCloskey of Charleroi, who has charge of the proceedings in behalf of numerous citizens and officials of Washington county, seeking to procure better train and street car service between the county seat and Monongahela points, has been notified by the State Railroad Commission before whom the proceedings are pending, that beginning November 27, 1910, train No. 709 due at Finleyville at 8:23 a. m. will make a regular stop for passengers at that point. This train arrives at Washington at 8:45 a. m. and will afford many the opportunity of getting to the different sessions of the courts and as well to the schools and colleges in Washington at an advantageous time. The attorneys and others who make the trip to Washington most frequently have been trying without avail for the past two or three years to get this train to stop at Finleyville. The State Railroad Commission acted promptly and efficiently. The Commission has also set December 1, 1910, for a hearing on the petition to have train No. 706, leaving Washington at 11:44 a. m., stop at Finleyville. The hearing at Harrisburg will be called at 11:00 o'clock a. m. and anyone interested in the matter will be welcome to attend.

Attention is directed to the fact that the powers of the State Railroad Commission are very limited. Given the authority to enforce and enact needful laws and regulations, they will become a powerful agency in compelling the transportation corporations to cater to the real wants of the public. This authority will in all probability be provided by the incoming Legislature. Commissions with real power and authority are becoming more and more a part of modern government.

## YOUNG LADY IS GIVEN SURPRISE

A pleasant surprise party was held Saturday night at the home of Mr. and Mrs. A. L. McCracken, of near Charleroi, in honor of their daughter Miss Ethel. There were about 75 present. The guests departed wishing her many more happy birthdays.

## OLD BOARDWALK BEING REPAIRED

**Improvements to be Made on North Charleroi Street**

At North Charleroi on the street leading from Lincoln avenue extension near the school building to the station, on what was formerly the old county road, a new sidewalk is being laid. John Connell is doing the work. The old boardwalk, which has done service for 12 or 15 years was torn down yesterday. The improvement was one much needed.

## PARENTS' DAY OBSERVANCE

**North Charleroi Schools Entertain Visitors Today**

### PROGRAMS ARE RENDERED

Today the North Charleroi schools observed Parents Day and a number of visits were made by parents and patrons. In the lower three rooms special programs were rendered by the young pupils, but in the upper rooms the usual work was carried out to show the visitors just what is being accomplished. The program in the primary grades consisted of recitations and readings, songs and tableaux depicting the Thanksgiving observance. On the walls of all the rooms was displayed work done by the pupils during the more than three months of school.

L. W. Hornbake is the principal of the school and the teachers are Lulu Wickerham, Elsie Kearns, Nell Ryland and Beattie Bake. One of the rooms used because of over-crowded conditions in Library Hall.

The North Charleroi schools dismissed school on Thanksgiving, but will hold their regular sessions Friday. There are 20 pupils enrolled in the schools, 180 in the main building.

## REPAIRING TRESTLE WORK UNDER BRIDGE

The Pittsburg Railways company yesterday started to make repairs at the bridge over Maple Creek, connecting the two boroughs of Charleroi and Speers at the McKean avenue terminus. The work will be finished within two or three days and until that time it will be necessary for trolley passengers to transfer at the bridge. Piles are being driven under each the bridge, and new trestle work erected.

### No Issue of Mail

In accordance with the usual custom the Mail Publishing company will observe Thanksgiving and there will be no issue of the Mail on that day.

### Berryman's

This store will be open this evening to accommodate the trade, and will be closed all day Thanksgiving. 911t

## PROHIBITION SPEAKER REVIEWS CONDITIONS

**Hon. Oliver W. Stewart Says Law is Faulty in That It Permits Sale of Intoxicating Drinks**

Hon. Oliver W. Stewart, the most noted Prohibition lecturer in the United States, last night lectured at Christ Lutheran church at the invitation of the Charleroi Ministerial Association and incidentally collected subscriptions to assist in carrying along the Prohibition work in the nation, which lately has received considerable of an impetus.

Mr. Stewart discussed "The Problem of Drunkenness," and made the statement that the two things which bring man and drink together and

which cause drunkenness, is on the one hand the appetite of the drinker and on the other hand protection by the law.

To offset the cause he said that both the principles of temperance, which is the keeping of the man away from the drink and the principles of Prohibition which is the keeping of drink away from the man, must be combined. Mr. Stewart forcefully illustrated his talk and brought logical proof to bear upon every statement.

## ZELT TRIAL IS LISTED TODAY

**Washington Men Charged With Violation of Election Laws**

Much interest centers in the case that will come up for trial today at Washington of Louis Zelt, Sr. and Jacob Zelt, Jr., charged with violating the election laws in the first precinct of the first ward at Washington on election day. The counsel for the defense sought a postponement, charging that inflammatory editorials of a local newspaper would have a tendency to prejudice the jury. The court refused a postponement, and suggested that the jury be polled as to whether or not the newspaper utterances had caused them to entertain an opinion that could not be changed by the evidence brought out in the case.

## BOXING SHOW AT MONESSEN

**Interesting Events Arranged by Al Martin for Saturday Night**

Al Martin who has established an athletic school at Monessen, has announced a boxing show at the Monessen Opera House Saturday night of this week, in the main bout of which he will appear and will have pitted against him Jimmy Hanlon of Washington. This pair will weigh in at 133 pounds, and as both are extremely clever boxers, it is expected that it will be a fast go. Preliminaries will be between Paul Ferial of Monessen and Charles England of Washington and Ed. Neudorfer of Monessen and Young Zurich of Donora. John and Albert Gnip will give an exhibition. Martin promises one of the best boxing shows that was ever held in Monessen.

## MINERS ANGRY AT PUBLICATION

**Burn Editor of Newspaper in Effigy at Roscoe Baseball Park**

Becoming incensed over attacks made upon officials of the miners' organization in this district by a daily newspaper, it is stated that a gathering of miners at Roscoe publicly burned bundles of the paper containing the attacks, which had been sent there unsolicited. Not only that, but the miners made up an effigy of the editor of the paper, and cremated him with the offensive publications. A bundle of weekly labor papers sent with the daily shared the same fate.

## CONTINUE CAP CASE

**Donora Murder Trial Will be Heard in February**

### SHOOTING LAST TUESDAY

The case of the Commonwealth in court at Washington against Peter Kurkovskzi, charged with killing Tedor Cap at Donora last Tuesday night, has been continued until February term. The defendant when placed in jail had no money or funds and upon his application to the court for counsel the court appointed Harry Moore and J. R. McCreight attorneys to defend Kurkovskzi. In this case the county would have to pay the defendant's defense. In the meantime a brother of the defendant retained Harry L. Williams to defend his brother, and this revoked the order of the court appointing counsel. The brother and friends of the defendant will provide funds for defending Kurkovskzi.

## LARGE TROUPE WITH "UNCLE TOM'S CABIN"

That old, old story so new to present day theatre-goers, "Uncle Tom's Cabin," will be realistically interpreted at the Coyle Theatre, matinee and evening, Friday, November 25, by Stetson's spectacular "Uncle Tom's Cabin," company. Some of the most notable of the scenes presented are the "Swan River" by moonlight, cotton fields in full bloom, the Ohio River in winter, and the escape of Eliza, carrying her child across the floating ice, the rocky pass in which George Harris made his stand against the men pursuing him and protected his family; the St. Clair plantation home, the levee at New Orleans showing a slave auction; Legree's plantation and lastly the beautiful transformation scene showing ascension to the Celestial City.

## TO HOLD UNION SERVICES

**Churches will Return Thanks St. Jeromes' Tea Party Tonight**

Charleroi will observe Thanksgiving about as usual. The day will be a holiday here, and the various stores and business houses will be closed. The postoffice will observe only the legal holiday hours.

Most people will eat their Thanksgiving dinner at home, but there are a number intending going out of town for a day's visit with friends or relatives. The University of Pittsburg State College football game at Pittsburg has attracted considerable attention, and there will in all probability be a number from Charleroi in attendance there.

One feature of the day will be the union services of the Protestant churches at the First Christian church in the evening. Rev. C. S. Joshua, pastor of the First Baptist church, will preach the sermon and other ministers will take part in the services. Tonight the Annual Tea Party supper and dance of St. Jerome's congregation will be held at Turner Hall and a large number are expected to attend.

## TIME IS THE TEST

**The Testimony of Charleroi People Stand the Test**

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time.

Charleroi people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? A cure that lasts is the kind that every sufferer from kidney ills is looking for.

Mrs. Charles Bromwich, 174 Washington avenue, Charleroi, Pa., says: "About two years ago I had a severe attack of kidney disease and suffered a great deal from pains in the small of my back. I was also subject to headaches and feeling of languor, and although I tried a number of remedies I was not helped. Doan's Kidney Pills were finally recommended to me and deciding to try them, I procured a box at Piper Bros. Drug Store. In a few days after using this remedy, I felt a great deal better and before long a complete cure was effected. Doan's Kidney Pills have my highest endorsement." Statement given September 3, 1907.

### CURED PERMANENTLY.

On November 6, 1909, Mrs. Bromwich said: "I can recommend Doan's Kidney Pills as highly today as when I gave a public statement in their favor two years ago. The cure this remedy effected has been permanent." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

you do not have to work close to the stove, which is usually far from the window. You can work where you wish, and be warm. You can work on dull winter days in the full light near the window, without being chilled to the bone.

The Perfection Oil Heater quickly gives heat, and with one filling of the font burns steadily for nine hours, without smoke or smell. An indicator always shows the amount of oil in the font. The filler-cap, put in like a cork in a bottle, is attached by a chain. This heater has a cool handle and a damper top.

The Perfection Oil Heater has an automatic-locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be quickly cleaned. The burner body or gallery cannot become wedged and can be unscrewed in an instant for reworking. The Perfection Oil Heater is finished in Japan or nickel, is strong, durable, well-made, built for service, and yet light and ornamental.

## Vessels That Failed.

There was a time when it was believed possible to prevent seasickness by means of specially constructed vessels, says the London Chronicle. The Calais-Douvres, a twin ship, was used on the channel service for many years, but she proved a slow boat, and her passengers were by no means immune from seasickness. Another attempt in this direction was the Castalia, in which the saloon was suspended like a hammock with a view to minimizing the pitching and rolling. This turned out an utter failure. If the rolling was less than in ordinary vessels the pitching was quite as bad and, moreover, the swinging mechanism occasionally stuck. After a very few trips across the channel the Castalia was taken off the service.

The Tattered Old Family. "What is the matter family do not know?"

"The wife is writing poems that nobody will read, the daughter is painting pictures that nobody will buy, the son is composing plays that nobody will put on the stage, and the husband is writing checks that nobody will cash."—Merrillor for Blatter.

You can get those old pictures framed at Collins Wall Paper company's.

## PROMPT ACTION BY THE RAILROAD COMMISSION

**Train to Make Stops at Finleyville**

**ADVANTAGES ARE MANY**

**Valley People May go to County Seat Without Annoying Delays**

Attorney David M. McCloskey of Charleroi, who has charge of the proceedings in behalf of numerous citizens and officials of Washington county, seeking to procure better train and street car service between the county seat and Monongahela points, has been notified by the State Railroad Commission before whom the proceedings are pending, that beginning November 27, 1910, train No. 109 due at Finleyville at 8:23 a. m. will make a regular stop for passengers at that point. This train arrives at Washington at 8:45 a. m. and will afford many the opportunity of getting to the different sessions of the courts and as well to the schools and colleges in Washington at an advantageous time. The attorneys and others who make the trip to Washington most frequently have been trying without avail for the past two or three years to get this train to stop at Finleyville. The State Railroad Commission acted promptly and efficiently. The Commission has also set December 1, 1910, for a hearing on the petition to have train No. 706, leaving Washington at 11:44 a. m., stop at Finleyville. The hearing at Harrisburg will be called at 11:00 o'clock a. m. and anyone interested in the matter will be welcome to attend.

Attention is directed to the fact that the powers of the State Railroad Commission are very limited. Given the authority to enforce and enact needed laws and regulations, they will become a powerful agency in compelling the transportation corporations to cater to the real wants of the public. This authority will in all probability be provided by the incoming Legislature. Commissions with real power and authority are becoming more and more a part of modern government.

## PARENTS' DAY OBSERVANCE

**North Charleroi Schools Entertain Visitors Today**

**PROGRAMS ARE RENDERED**

Today the North Charleroi schools observed Parents Day and a number of visits were made by parents and patrons. In the lower three rooms special programs were rendered by the young pupils, but in the upper rooms the usual work was carried out to show the visitors just what is being accomplished. The program in the primary grades consisted of recitations and readings, songs and tableaux depicting the Thanksgiving observance. On the walls of all the rooms was displayed work done by the pupils during the more than three months of school.

L. W. Hornbake is the principal of the school and the teachers are Lulu Wickerham, Elsie Kearns, Nell Ryland and Beattie Baker. One of the rooms used because of over-crowded conditions in Library Hall.

The North Charleroi schools dismissed school on Thanksgiving, but will hold their regular sessions Friday. There are 20 pupils enrolled in the schools, 180 in the main building.

## PROHIBITION SPEAKER REVIEWS CONDITIONS

**Hon. Oliver W. Stewart Says Law is Faulty in That It Permits Sale of Intoxicating Drinks**

Hon. Oliver W. Stewart, the most noted Prohibition lecturer in the United States, last night lectured at Christ Lutheran church at the invitation of the Charleroi Ministerial Association and incidentally collected subscriptions to assist in carrying along the Prohibition work in the nation, which lately has received considerable of an impetus.

Mr. Stewart discussed "The Problem of Drunkenness," and made the statement that the two things which bring man and drink together and

which cause drunkenness, is on the one hand the appetite of the drinker and on the other hand protection by the law.

To offset the cause he said that both the principles of temperance, which is the keeping of the man away from the drink and the principles of Prohibition which is the keeping of drink away from the man, must be combined. Mr. Stewart forcefully illustrated his talk and brought logical proof to bear upon every statement.

## ZELT TRIAL IS LISTED TODAY

**Washington Men Charged With Violation of Election Laws**

Much interest centers in the case that will come up for trial today at Washington of Louis Zelt, Sr. and Jacob Zelt, Jr., charged with violating the election laws in the first precinct of the first ward at Washington on election day. The counsel for the defense sought a postponement, charging that inflammatory editorials of a local newspaper would have a tendency to prejudice the jury. The court refused a postponement, and suggested that the jury be polled as to whether or not the newspaper utterances had caused them to entertain an opinion that could not be changed by the evidence brought out in the case.

## MINERS ANGRY AT PUBLICATION

**Burn Editor of Newspaper in Effigy at Roscoe Baseball Park**

Becoming incensed over attacks made upon officials of the miners' organization in this district by a daily newspaper, it is stated that a gathering of miners at Roscoe publicly burned bundles of the paper containing the attacks, which had been sent there unsolicited. Not only that, but the miners made up an effigy of the editor of the paper, and cremated him with the offensive publications. A bundle of weekly labor papers sent with the daily shared the same fate.

## CONTINUE CAP CASE

**Donora Murder Trial Will be Heard in February**

**SHOOTING LAST TUESDAY**

The case of the Commonwealth in court at Washington against Peter Kurkovecki, charged with killing Todor Cap at Donora last Tuesday night, has been continued until February term. The defendant when placed in jail had no money or funds and upon his application to the court for counsel the court appointed Harry Moore and J. R. McCreight attorneys to defend Kurkovecki. In this case the county would have to pay the defendant's defense. In the meantime a brother of the defendant retained Harry L. Williams to defend his brother, and this revoked the order of the court appointing counsel. The brother and friends of the defendant will provide funds for defending Kurkovecki.

## LARGE TROUPE WITH "UNCLE TOM'S CABIN"

**TO HOLD UNION SERVICES**

**Churches will Return Thanks St. Jeromes' Tea Party Tonight**

Charleroi will observe Thanksgiving about as usual. The day will be a holiday here, and the various stores and business houses will be closed. The postoffice will observe only the legal holiday hours.

Most people will eat their Thanksgiving dinner at home, but there are a number intending going out of town for a day's visit with friends or relatives. The University of Pittsburg State College football game at Pittsburg has attracted considerable attention, and there will be all probability be a number from Charleroi in attendance there.

One feature of the day will be the union services of the Protestant churches at the First Christian church in the evening. Rev. C. S. Joshua, pastor of the First Baptist church, will preach the sermon and other ministers will take part in the services.

Tonight the Annual Tea Party supper and dance of St. Jerome's congregation will be held at Turner Hall and a large number are expected to attend.

## TIME IS THE TEST

**The Testimony of Charleroi People Stand the Test**

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time.

Charleroi people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? A cure that lasts is the kind that every sufferer from kidney ills is looking for.

Mrs. Charles Brown, 174 Washington avenue, Charleroi, Pa., says: "About two years ago I had a severe attack of kidney disease and suffered a great deal from pains in the small of my back. I was also subject to headaches and feeling of languor, and although I tried a number of remedies I was not helped. Doan's Kidney Pills were finally recommended to me and deciding to try them, I procured a box at Piper Bros. Drug Store. In a few days after using this remedy, I felt a great deal better and before long a complete cure was effected. Doan's Kidney Pills have my highest endorsement." Statement given September 3, 1907.

**CURED PERMANENTLY.**

On November 6, 1909, Mrs. Brown said: "I can recommend Doan's Kidney Pills as highly today as when I gave a public statement in their favor two years ago. The cure this remedy effected has been permanent." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

## Thanksgiving

Taking stock of our material blessings Thanksgiving this year will find Charleroi with a whole lot for which to be thankful. Just as the sunshine exceeds the shadows, so do the blessings of life exceed the trials and crosses. The earth still revolves upon its axis, and the soil has produced bountifully. There may have been many individual sorrows and disappointments, but these are all in the great plan of compensation and are sent upon us to soften the heart, chasten the spirit and make the human character strong. We should be thankful that we are alive, in full possession of our faculties, and strong in the faith that works for human development.

As a community Charleroi has cause to be thankful. No scourges or calamities have visited the town during the past year. Labor has been fully employed, and if there have been no great material achievements, there were no reverses, so that the municipality has maintained an average level, at least, and has gone forward, rather than backward. Our civic, church and school spirit has not only been maintained, but each of these departments has witnessed a decided advance. Many small events have contributed to promote the spiritual and civic interests of the town during the year, the aggregate of which has exercised a beneficial influence upon the community. Last but not least we have elected a Governor from our town. For all these blessings, therefore, let us be devoutly thankful.

## The Parcels Post

In this era of new Nationalism, it is not too much to hope that we may soon have the parcels post. For a civilized up-to-date country we are far in the rear when it comes to performing a public service to the people that is theirs by right. Germany delivers a package of 11 pounds in weight anywhere in the Empire for twelve cents, a country in an approximately as large as the eastern and middle States. In New York the German Imperial government maintains mail wagons to deliver the mail received from Germany, because the United States will not handle the packages sent over by the German parcels post.

In this country the Government will not carry a package weighing twelve pounds unless you divide it into three

parcels of equal weight and pay \$1.70 postage. There is but one reason for this dereliction on the part of the government, the Express Trust. Four big express companies—the Adams, the American, the United States and the Wells-Fargo have this country monopolized and divide the territory at exorbitant rates. Their service is performed by the same railroad companies that carry the mails, which could handle the parcels post with the same facility they do the mails. Rural delivery carriers who could make that service self-sustaining, are not permitted to carry parcels, and large sections of country not reached by the Express Trust are thereby cut off from any express service at all.

Now seems to be an opportune time for the people to insist upon their rights. The parcels post is clearly a government function, and it would not only perform a service of inestimable value to the people, but would likewise save millions of dollars that are now required to make up the postal service deficit.

## Civic Features

In the annual report of the Secretary of Internal Affairs of the Commonwealth for 1909, which has just been issued, is a special report on the industrial and sociological conditions of a number of the smaller cities and larger towns of the State. Among these are Bradford, Allentown, Johnstown and Uniontown. A significant feature of these reports is the civic conditions of these towns, and the manner in which they are presented constitutes one of the best advertisements of these respective municipalities.

These civic features for the most part are the public playgrounds, libraries, museums and places of recreation maintained by the public for the benefit of the people. A modern municipality is not complete without some of these features, and the higher the development in this respect the more is the city or town brought to the notice of the outside world. Nothing is more conducive to the attraction of capital and industry to a town than the progressive action of the citizens along civic lines.

At this present time Charleroi cannot present any civic features in the way of a park, playground, library or other public place of recreation or benefit for the people. This is a deficiency that will very materially work to the disadvantage of the town in seeking to attract capital and industry here. Civic development is one of the essentials for the people and churches to cultivate, and a systematic effort along that line to create public sentiment will help a lot in furthering the interests of Charleroi.

## ELECTRIC SPARKS

Some fellows like to argue only when the other fellow won't argue. The Monongahela valley out of habit breaks records every year. This year it is a coal record.

To make things right after the song, "Everybody Works but Father" had been published, another one was issued, "What's the Matter With Father?" Sort of treating the old man mean, isn't it?

Since it is no more lawful to dun people by mail without paying two cents a piece for the privilege, several business men have had recourse to the telephone.

Monongahela thinks it wants everything every other town wants. Monessen got a Sunday closing movement started and Monongahela got jealous and now wants the same thing.

Charleroi has a right to display some insistency in maintaining its claim that it is not such a bad place. A week without an arrest is something unusual.

The unsuspecting public allows the wool to be pulled over its eyes in numerous and diverse ways and then concedes over the high cost of living.

Gold has been discovered in both Westmoreland and Fayette counties, according to report, Washington county keeps to the staid old fashioned pastime of discovering the "Woman in Black" and the wild

men in the rural townships. Of course the "Woman in Black" is a later evolution, but even that is a good many years old.

An exchange remarks that the high cost of living is preparing to come down like Davy Crockett's coat. But not with the same astonishing rapidity.

## Buying Food by Mail

A recent development of the mail order business is the buying by mail of food. This system was inaugurated in this section last fall by McCann and Co., of Pittsburg, who sold 10-pound pails of Butterine at \$2.00. The effort was so successful that they have decided to extend their plan this year.

As before, they will send you a 10 pound pail of finest Creamery Butterine at \$2.00. As this is regular 23c Butterine, and cheap at that; you save 80c on each order.

Offer No. 2 includes the 10-pound pail of Butterine and 5 lbs of 25c Coffee, which they ship for \$3.00, saving you 55c on the order.

The third offer takes 10 lbs of Butterine, 5 lbs of 25c Coffee and 1 lb of 60c Tea all for \$3.50, or a saving of 85 cents.

## Our Elastic Globe.

Nothing seems more rigid than the crust of the earth, but scientific men tell us that it bends and buckles appreciably under the pull of the heavenly bodies. Careful observation has also shown that the shores on opposite sides of a tidal basin approach each other at high tide. The weight of water in the Irish sea, for instance, is so much greater at that time that the bed sinks a trifle and consequently pulls the Irish and English coast nearer together. The buildings of Liverpool and Dublin may be fancied as bowing to each other across the channel, the deflection from perpendicular being about one inch for every sixteen miles. It has been shown, too, that ordinary valleys widen under the heat of the sun and contract again at night. We live not on a rigid but an elastic globe.

## RHEUMATIC TWINGES.

Before These Pains Get a Hold Take Precautions.

Rheumatism is now considered by many doctors to be a blood disease and should be treated by rigid dieting. Medicines, at least in the first stages are less effective than curbing the appetite.

If one is of rheumatic tendency should eat little or no red meat, cut out sugar, bread, sweets and acid fruits and should drink plenty of water.

This may seem like a severe treatment for a small complaint, at the first only twinges. Neglected, they mean untold suffering, often complete disablement.

It would be a good thing for those of us who are inclined to take rheumatic twinges lightly to recall the definition of the late Dr. Spurgeon, himself a great sufferer from rheumatism and gout. "If you put your hand into a vise and let a man press as hard as he can, that's rheumatism; if he can be got to press a little harder, it is gout."

Before that vise gets such a hold it cannot be loosed, take precautions. Dieting may not be pleasant, but it is pleasanter than being a rheumatic victim with only oneself to blame.

you do not have to work close to the stove, which is usually far from the window. You can work where you wish, and be warm. You can work on dull winter days in the full light near the window, without being chilled to the bone.

The Perfection Oil Heater quickly gives heat, and with one filling of the font burns steadily for nine hours, without smoke or smell. An indicator always shows the amount of oil in the font. The filler-cap, put in like a cork in a bottle, is attached by a chain. This heater has a cool handle and a damper top.

The Perfection Oil Heater has an automatic-locking flame spreader, which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be quickly cleaned. The burner body or gallery cannot become wedged and can be unscrewed in an instant for reworking. The Perfection Oil Heater is finished in Japan or nickel, is strong, durable, well-made, built for service, and yet light and ornamental.

### Vessels That Failed.

There was a time when it was believed possible to prevent seasickness by means of specially constructed vessels, says the London Chronicle. The Calais-Douvres, a twin-ship, was used on the channel service for many years. Great things were expected from this, but she proved a slow boat, and her passengers were by no means immune from seasickness. Another attempt in this direction was the Castalia, in which the saloon was suspended like a hammock with a view to minimizing the pitching and rolling. This turned out an utter failure. If the roller was less than in ordinary vessels the pitching was quite as bad and, moreover, the swinging mechanism occasionally stuck. After a very few trips across the channel the Castalia was taken off the service.

### The Tattered Little Family.

"What is the family doing now?"

"The wife is writing poems that nobody will read, the daughter is painting pictures that nobody will buy, the son is composing plays that nobody will put on the stage, and the husband is writing checks that nobody will cash."—McClure's Blather.

You can get those old pictures framed at Collins Wall Paper company's. 87tl
